African Banking Corporation Investor News July - September 2015

Shamaz Savani, Group Managing Director.

I am delighted to bring you highlights of our performance and activities in quarter 1 2015.

On the business front, although the operating environment in quarter one of 2015 was challenging for Kenya, we are glad to report that your banking Group, ABC Bank recorded a positive performance across all our business units, recording Kshs. 116 million pre-tax profit, a 72 percent increase from Kshs.67 million recorded over a similar period in 2014.

Moreover, loans and advances to customers increased by 20 percent during the quarter, enabling us to make a 5 percent increase in our PBT (Profit Before Tax) quarter to quarter giving us an impetus for the rest of the year. In addition, our operating cost decreased by 2 percent, in line with our cost efficiency strategy.

Our investments in product innovation are bearing fruit, as attested to by our recognition during the Think Business Banking Awards held on May 8th.

We emerged 1st Runners Up in the Best Bank in Product Innovation category. The recognition follows our launch of an electronic warehouse receipt financing solution in March, in partnership with East Africa Exchange (EAX). This is a confirmation of our commitment to developing revolutionary financial solutions that meet our customers' dynamic needs.

This recognition is to us as much a challenge as it is a cause for celebration. It is a call to us to do more in identifying the unique needs of our customers and design new creative solutions to satisfy those needs.

In the same breath, the recent Central Bank of Kenya supervision annual report also ranked ABC Bank as the most affordable lender to SME's. Our loan pricing regime is designed to avail much-needed credit by the SME segment to support enterprise and to spur economic growth and employment across Kenya. I invite you to contact us today for your financial needs.

A feather in our performance cap is the news that ABC Bank was rated the Bank with the Most Improved Performance in SME Banking in the 2015 Think Business Banking Survey. We improved from position 30 in 2014 to 6th position in 2015

Lastly, in a bid to interact with our customers, we hosted our first ever Google+ hangout dubbed #ABCofBiz, in which we offered valuable insights to our SME customers and to entrepreneurs in general. We will have similar interactions in future, as we seek to tap in to emerging technologies to reach out to our customers. We have more news on the Google+ hangout in this issue.

I wish you the very best in your endeavors.

Thank you.

ABC Bank is proud to be associated with National Prayer Breakfast

For the third year in a row, ABC Bank sponsored the annual National Prayer Breakfast hosted by the President of Kenya and organized by the Parliamentary Prayer Fellowship Group. This year's event was held on 28th May at Safari Park and was led by President Uhuru Kenyatta.

The two-day event brings together the political, social, and business elite to reflect on national issues, build and strengthen relationships between government and private sector players as well as reaffirm commitment to God and dedicate the country to divine protection.

The first day of the event is dedicated to National Dialogue during

President Kenyatta and Deputy President William Ruto join hands with other leaders in prayer

which leaders from the public and private sectors discuss the sociopolitical and economic affairs of the country, and culminates in prayers on the second day.

ABC Bank's sponsorship is part of our plans to support the government in furthering its national agenda of creating a healthy economic environment through engagements with the private sector.

During this year's prayer breakfast, President Uhuru Kenyatta urged leaders to be consistent in speech and deed, and to use their positions to catalyze change in the lives of Kenyans. He also appealed for support in the fight against corruption, insecurity and tribalism in the country. The bank was represented by our Group MD Shamaz Savani, General Manager Peter Kinyanjui, Head of Corporate Banking Josiah Muia and Head of Marketing Wambui Kaguongo.

ABC Bank scores a first with Google Hangout

Our panelists, from left to right: Eric Kinoti, Prof. Bitange Ndemo, Dan Ndambuki (Churchill), Lee Gachomba, June Gathoni and Murori Kiunga during the hangout.

In keeping with technological advancements in communication, ABC Bank has initiated a series of Google+ Hangouts to connect and engage with customers and the general online community. The bank hosted the first hangout on May 26th, becoming the first Kenyan financial institution to use the platform.

Dubbed #ABCofBiz, the session involved a panel of experts with diverse knowledge bases, discussing "Common mistakes entrepreneurs make", with thousands of entrepreneurs and social media enthusiasts following the conversation which was broadcast live on Youtube.

Google+ Hangouts is a free video chat service, a little similar to Skype, and Facebook Video Chat, but focuses more on "face-to-face-to-face" group interaction as opposed to one-on-one video chats. Google+ Hangouts also offers a "Hangouts on Air" feature for broadcasting live video conversations that are accessible to anyone with a web browser. In addition to video chatting, users can share YouTube videos with other users.

The panel of experts included Prof. Bitange Ndemo, a former Permanent Secretary and currently Associate Professor at University of Nairobi's School of Business. Others were June Gathoni, the Director of SME Resource Centre, pioneer comedian and Director of Laugh Industry, Daniel Ndambuki, aka Churchill, entrepreneurs Eric Kinoti of Shade Systems and Murori Kiunga of Queenex Publishers.

ABC Bank's Head of SME Banking, Lee Gachomba moderated the session, which Churchill supported. The bank plans to host regular hangouts to empower and mentor entrepreneurs to excel in their business ventures by plugging existing knowledge gaps.

Some of the common mistakes the panelists highlighted for entreprenuers to address during the session are:

- Analysis paralysis: this is the tendency to over analyze situations, hence taking too long to make a decision. To avoid this, seek advice from trusted mentors and friends instead.
- Seeking financing from incredible sources like shylocks. This could lead to frustration and losses. Always turn to established financial institutions for support.
- Not properly defining the product and services purpose. Understand your product properly to be able to position it in the market.
- Improper hiring strategies and poor talent retention. Always hire and retain the right people to propel your business to success
- Not responding promptly to customers and keeping your word to customers. To retain your customers and attract new ones, it's important to offer prompt solutions and feedback.
- Doing it alone. Most small business owners are wary of forming partnerships. Be open to collaborations that complement your vision and ideas and provide the synergy for exponential growth.
- Lack of business management skills. To become better managers of their businesses, entrepreneurs should seek to enhance their managerial skills, formally or informally.

If you can avoid these, and other common mistakes, you'd be on the highway to the entrepreneurs' hall of fame. In case you missed the hangout, the full video is available on our Youtube channel, ABCBankGroup. Watch out for our next session, which we will announce via our social media pages soon.

You can watch the full recording of the hangout on Youtube https://www.youtube.com/watch?v=4E33LaGSfwo.

GROUP CHIEF EXECUTIVE OFFICER DIRECTOR

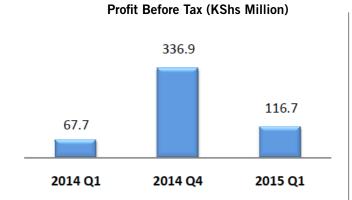

GLOBAL CREDIT RATING CO.

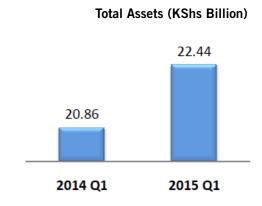

Local Expertise • Global Presence

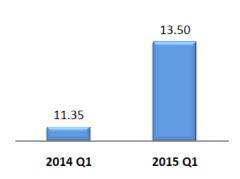

The bank continues to grow from strength to strength. Despite the sluggish growth in the economy, the Group recorded Profit before tax of KShs 116.7 million (72%) (2014 Q1: KShs 67.7 million) for the period ended 31st March 2015.

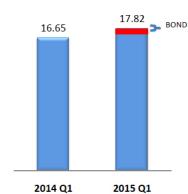

Total Assets increased by 8% from KShs 20.86 billion (KShs 1.58 billion) as at 31st March 2014 to KShs 22.44 billion as at 31st March 2015 mainly driven by loan growth and investments in government securities

Loans and Advances (KShs Billion)

The loans and advance (net) increased by 19% from KShs 11.35 billion as at 31st March 2015 to KShs 13.5 billion as at 31st March 2015. The growth is as a result of the confidence that our customers have in our products, our outreach and turn-around.

Customer Liabilities (KShs Billion)

Total customer liabilities: Total customer liabilities (including bonds) shot up from KShs 16.65 billion in Q1 2014 to KShs 17.82 billion in Q1 2015.

Number of Customers

Our customers are our strength. We grew by 25.9% in terms of number customers quarter-on-quarter

2014 Q1 2014 Q4

OTHER FINANCIAL HIGHLIGHTS 2015

2015 Q1

Net interest income

Net interest income increased by 6.5% to KShs 347 million as at 31st March 2015 from KShs 325 million as at 31st March 2014 mainly driven by 19% growth in our loan book and reduction of high cost deposits.

Liquidity ratio: The bank liquidity remains strong against the statutory minimum of 20% at 32.6% as at 31st March 2015.

Our Capital Adequacy Ratio remained solid with Total capital to risk weighted assets at 16.0%; core capital to total risk weighted assets at 10.7%; and Core capital to Total deposit at 12.0% against a regulatory minimum of 14.5%, 10.5% and 8% respectively.
